

# CHARITY SPOTLIGHT

The Movement Centre of Manitoba is a non-profit organization that is committed to improving the physical health of children and adults with physical disabilities. Through the teachings of "Conductive Education", we strive to maximize the independence of our clients. We provide movement and learning opportunities with appropriate motivations and expectations, in order to overcome the challenges faced by the physically impaired population.

The Movement Centre of Manitoba is one of only two centres in North America to provide Conductive Education beyond school age and into adulthood.

Conductive Education is effective for those individuals with cerebral palsy, multiple sclerosis, stroke, head injury, and Parkinson's disease.
